

Minutes of Annual Parish meeting held in the Parish Hall on Tuesday 16th May, 2023

The retiring chair, one resident and all the new council members were present plus the Clerk.

There were no apologies received and the one resident had noted the item of interest to him in the council agenda and was happy to wait for this discussion.

The retiring Chair, Susy Evans, thanked all the council members and particularly the clerk for their support and work during her term of office. There had been a number of lengthy and difficult matters to resolve including Neighbourhood Plan, the Link Road, CGR and future planning and all these had been dealt with by great dedication to duty on behalf of the village residents. Had she not been moving out of the area, Susy would most definitely have stayed on the council and work with them. Susy wished the continuing and new councillors every success in their work on behalf of the village.

The Annual Council meeting was not scheduled to start until 7.30 with two personnel from the local inn coming in at that time for the discussion on the agenda after the election procedures.
